June 2016 – September 2017 // *Gujarat, India*

- Developed and maintained code for in-house and client websites primarily utilizing HTML, CSS, JavaScript, and jQuery
- Tested code in various browsers and mobile devices to ensure cross-browser compatibility and responsiveness
- Collaborated closely with other developers and producers to meet deadlines for clients

Personal Projects

React E-Commerce Website

August 2020

A Basic E Commerce website with the functionalities like details of product, modal showing the basic info and the state and add to cart button and the component showing all the items added to in cart.

Reactjs (Context API), Bootstrap 4, Styled components

Personal Portfolio Website

September 2020

A personal portfolio website developed with Reactjs. I developed this to sharpen my html and CSS skills. I used Styled components and some of the basic hooks.

Reactjs, hooks, Styled components, SVG, HOC

A Nodejs Rest API

June 2022

A simple Nodejs REST API in created with express. Used bcrypt to hash the passwords and jwt to create and refresh tokens. Working link is in my git repo

Nodejs, Express, bcrypt, jwt authentication
